FISCAL ANALYSIS

ASSUMPTION

Officials from the of **Office of the State Auditor** state this proposal will have no fiscal impact on their agency.

According to officials from the **Office of Secretary of State (SOS)**, many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the proposal. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

Officials from the **Department of Revenue (DOR)** assume that the provisions of this proposal will only apply to new requests for bid (new RFP's) on a license office and have no affect on current license office contracts or renewal of current contracts. Based on this assumption, there is no fiscal impact to DOR.
